Looking for a Water Tank? But You Don't Know Where to Start?

So you've decided it's time for a tank, but with so many available which one is right for your environment? Here are a couple of things to think about:

- 1 • How will you Use the Tank Water?
- 2 • How much Water do you need?
- 3 • How Big is your Catchment?
- 4 • How much Space do you have?
- 5 • What sized Pump will you need?

With a tank on your property, you can access, save and utilise the 5 Home swimming pools of water that fall, on average, on a suburban Melbourne home each year! A huge variety of tanks and colours are available, and the water authorities encourage it!

You can use the water many different ways including in your garden and in your toilet.

You have a huge choice of tank types to choose from, whether it's a Large Round Colorbond Tank or an 80 Litre Poly Modular Tank, SunshowerOnline has the one that will suit your home.

SunshowerOnline sells only the highest quality Drip Irrigation components we use all of the trusted brands to make sure your system works first time everytime!
